Orange Beach, AL 36561

July 16, 2019

Mayor and Council,

Please accept this letter as a formal request for funding education and academic support in Orange Beach Schools as per our current Performance Contract. We are requesting \$200,000 in funds to continue supporting our teachers, students and administrations as they prepare for and begin the 2019-2020 school year. As of today, OBEF has received grant applications in excess of the original \$100,000 funding requests by over \$12,000.00. Attached is a report of monies that have been requested from and funded by OBEF. Copies of all of the grant applications are available for your review upon request.

There are some immediate needs that have surpassed our current balance available highlighted in yellow in the report. It has been requested from administrators that we do our best to fund these items as soon as possible to allow for the delivery of equipment for student use beginning August 14th. OBEF Board members are available for questions if needed to get these funds released in a timely manner.

These funds are making a difference in our schools and new opportunities are becoming available to our staff and students because of your generosity. It is really exciting to see everyone getting in gear for the best school year ever here in Orange Beach.

Thank you for your support!
