# A RESOLUTION ADOPTING THE PROVISIONS OF ACT 2017-367 AND APPROPRIATING FUNDS TO COVER THE COST OF A ONE-TIME LUMP SUM PAYMENT TO ELIGIBLE RETIREES AND BENEFICIARIES THROUGH THE STATE OF ALABAMA EMPLOYEES' RETIREMENT SYSTEM

#### FINDINGS:

- 1. Act 2017-367 of the Regular Session of the Alabama Legislature provides the City of Orange Beach with the authority to grant a one-time lump sum payment to retired members and beneficiaries of deceased retirees who retired prior to May 1, 2017, and are entitled to receive a monthly retirement benefit from the Employees' Retirement System (ERS) on November 30, 2017.
- 2. The cost of this one-time lump sum payment to the City of Orange Beach is estimated at \$16,240.00, to be paid by an increase of 0.14% in the employer contribution rate effective for the one year period from October 1, 2018, through September 30, 2019, or the City may submit a one-time lump sum payment remitted with the resolution to cover the cost.
- 3. Orange Beach City Council wishes to grant the one-time lump sum payment request for eligible retirees and beneficiaries.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ORANGE BEACH, ALABAMA, AS FOLLOWS:

- 1. That the Orange Beach City Council elects to come under the provisions of Section 2 of Act 367 of the Regular Session of the 2017 State Legislature;
- 2. That the City of Orange Beach agrees to provide all funds necessary to the Employees' Retirement System to cover the cost of the one-time lump sum payment as provided for by this Act for those eligible retirees and beneficiaries of deceased retirees of the City of Orange Beach with the aforementioned lump sum payment being paid in October 2017.
- 3. That this Resolution shall become effective upon its adoption.

#### CERTIFICATE

I, Renee Eberly, City Clerk of the City of Orange Beach, Alabama, do hereby certify that the
foregoing is a true and correct copy of Resolution No. 17-xxx, which was duly and legally
adopted at a regular meeting of the City Council on July 18, 2017.

City Clerk

ALABAMA RETIRED STATE EMPLOYEES' ASSOCIATION | ALABAMA PUBLIC EMPLOYEES' ADVOCACY LEAGUE June 16, 2017

Renee Eberly
City of Orange Beach
PO Box 458
Orange Beach, AL 36561-0458

Dear Renee,

Having been signed into law, Act #2017-367 authorizes cities participating in the Employees' Retirement System of Alabama to fund a one-time bonus for their retirees.

Using a sliding scale formula and based upon length of creditable service (\$2.00 a month x 12 months x years of service) retirees with 25 years of service, for example, would receive a bonus of \$600. Included in the legislation is a provision for those with less than 25 years, providing a minimum payment of \$300.

The importance of even this small, one-time addition to the benefits of your retirees can hardly be overstated.

There is a short window of opportunity for the cities to approve the funding for this bonus. Unlike traditional cost-of-living adjustments (COLAs), the bonus cannot be approved in subsequent years. If not granted in 2017, it goes away forever.

Per our legislation, RSA will pay the bonus in December for those cities opting to grant it. RSA will then recoup the cost by adding it to each participating local cities' monthly employer contribution, beginning October 1, 2018. (RSA will soon provide you with the actual cost and steps necessary to fund this bonus.)

If you have any questions please contact Lauren Hodge at 334-834-9116 or by email lhodge@arsea.org.

Sincerely,

Liane Kelly

June 27, 2017

Act 2017-367 of the Regular Session of the Alabama Legislature provides your agency with the opportunity to grant a one-time lump sum payment to retired members and beneficiaries of deceased retirees who retired prior to May 1, 2017 and are entitled to receive a monthly retirement benefit from the Employees' Retirement System (ERS) on November 30, 2017.

The Act provides for the retiree to receive a one-time lump sum payment of \$2.00 for each month of service credited to the retiree's account or \$300.00, whichever is greater. The Act provides for a beneficiary of a deceased retiree to receive \$300.00. Payment will be made by check in December 2017 separate from the monthly retirement direct deposit.

If your agency elects to grant the 2017 one-time lump sum payment, your estimated cost is \$16,240.00 which will require 0.14% to be added to your agency's employer contribution rate effective for the one year period from October 1, 2018 – September 30, 2019, or you may submit a onetime lump sum payment remitted with the resolution to cover the cost.

To grant the provisions of Act 2017-367 for retirees and beneficiaries of your agency, the governing authority of your agency must adopt and submit a Resolution. A fillable form Resolution can be found on the RSA website at http://www.rsa-al.gov/uploads/files/2017\_Lump\_Sum\_Resolution\_Retiree.pdf. The Resolution to adopt the provisions of Act 2017-367 must be received by ERS no later than October 31, 2017. Please note that there is no provision that will allow the one-time lump sum payment to be granted retroactively.

Any retiree or beneficiary whose eligibility for Medicaid benefits is impaired by this payment shall not be entitled to receive the payment and should notify this office to request that the increase not be granted.

If you have any questions regarding the implementation of the provisions of Act 2017-367, please contact my office at (334) 517-7000 or 1-877-517-0020.

## AN ORDINANCE AMENDING CHAPTER 54 OF THE CODE OF ORDINANCES FOR THE CITY OF ORANGE BEACH, ALABAMA, TO ADD A NEW ARTICLE IV TO PROHIBIT THE OPERATION OF UNMANNED AERIAL VEHICLES ("DRONES")

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ORANGE BEACH, ALABAMA, AS FOLLOWS:

1. That Chapter 54 of the Code of Code of Ordinances for the City of Orange Beach is hereby amended to add a new Article IV entitled "Unmanned Aircraft Systems" as follows:

Attachment number 1 \nPage 1

#### "ARTICLE III. OPERATION OF UNMANNED AIRCRAFT SYSTEMS

Sec. 54-\_\_\_\_. - Findings.

- (a) The City of Orange Beach is a Class 8 Alabama Municipality which has been vested with a portion of the state's sovereign power to protect the public, health safety and welfare. *Code of Alabama*, 1975, §11-45-1.
- (b) Orange Beach is a unique, coastal-resort location that attracts thousands of visitors each year. There are a variety of recreational and business activities in, on, and increasingly above, the beaches, waterways and other public places within the city, including drones, parasails, and banner plane advertising.
- (c) In recent months the police department has received a variety of complaints from residents and visitors about the operation of unmanned aircraft systems ("UAS"), commonly known as "drones," over beaches and other public places within the City. Residents, concerned with safety and privacy, have also complained that UAS are being flown over their property without permission.
- (d) Recent developments in UAS technology make it possible for drones to travel at speeds in excess of 100 mph; to carry payloads, video cameras and other recording devices; and to be operated remotely from great distances from the operator; all of which increases the potential for injury to persons and property within Orange Beach.
- (e) The Council finds that while the majority of devices will be used for lawful purposes, either commercially or by hobbyists, the devices can be used to conduct unlawful or unwanted surveillance, voyeuristic, or other intrusive activities. Further, because UAS are capable of being flown over stadiums, schools, and large public gatherings, such devices could bypass security checkpoints and other public safety measures designed to protect the public.
- (f) The Federal Aviation Administration's guidance on the use of unmanned aircraft provides that flights may not be conducted over urban or populated areas, heavily trafficked roads, or open-air assemblies of people, absent a convincing showing that such operations can be conducted safely (Fact Sheet Unmanned Aircraft Systems, Federal Aviation Administration, Feb. 19, 2013).
- (g) The Council finds that in order to protect the public health, safety and general welfare it is necessary to adopt reasonable regulations consistent with state and federal law concerning the use of UAS.

# **III. STAFF COMMENTS**

- 1. This application requires conditional use approval. The subject property is zoned NB, and Article 4 of the Zoning Ordinance specifies that the grocery store, retail use is a conditional use in the NB zoning district.
- 2. City Council will consider this application at its regular meeting on Tuesday, May 16, 2017.
- 3. The properties to the north and south are zoned NB. The Orange Beach Medical Arts facility is located on the property to the south. The property to the north is vacant. In 2007 the Planning Commission approved a site plan for a professional office building on this property.
- 4. The properties to the west are zoned RS-1 or Single-Family Residential. On the abutting property to the west, there is an abandoned mobile home structure. The project is required and is providing a 30-foot land use buffer along the west property line.
- 5. On April 19, 2017, the applicant obtained a variance from the Board of Adjustment to reduce the required parking from 53 to 33 spaces. According to the applicant, the design and layout of this Dollar General will mimic the Dollar General store located at 24881 Perdido Beach Boulevard (Avalon Lane), which also received a parking variance.

CASE NO. 0105-CU-17 Item #613

- 6. The project will have two driveways onto Rose Lane and will improve the said roadway by increasing and paving the road width to 28 feet. The length of the roadway improvement will be 359 feet. The improvements will also include increasing the radius to 35 feet.
- 7. According to the applicant, the proposed Dollar General store will replace the existing Dollar General store in the Gulf Beach Shopping Center next to the Walmart Neighborhood Market.

#### IV. CITY COUNCIL ACTION

- **1. APPROVE AS SUBMITTED** the conditional use approval request to construct a 10,640-SF commercial retail store and make associated improvements to Rose Lane.
- 2. APPROVE WITH CHANGES OR CONDITIONS the conditional use approval request.

# **Recommended Conditions:**

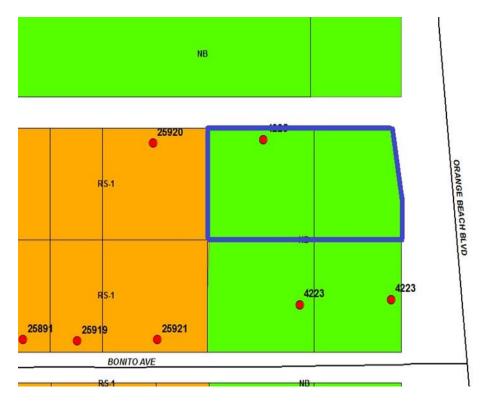

- Please make sure the exterior lights to the rear side of the building are properly shielded so that the lights will not have an adverse impact on the residential properties to the west.
- For the south side of the building facing the Medical Arts Building and its parking area, please make sure the rooftop utilities are shielded. Based on the architectural and color renderings, it does not appear there is a parapet on this side, and staff has concerns of the rooftop utilities being seen from the Medical Art's parking area and northbound traffic on Highway 161.
- Please make sure the solid waste agency that will be collecting the store's trash is fine with the location of the trash receptacle area.
- For the freestanding sign along Highway 161, please note the width of the sign face cannot exceed 15 feet. The Primary Pylon Sign shown on the sign plan would not meet this requirement.
- Chuck Smith, Code Enforcement Officer and Sign Administrator, has reviewed the sign plans and has the following comments: (1) No temporary signage shall exceed 32 sq. ft. and 8 ft. in height; (2) the freestanding pole sign must have a minimum 24" pole cover and include landscaping around the base of the sign; and (3) the freestanding sign must meet all setbacks according to section 15.08 of the sign ordinance.
- Per From Article 16.04 of the Zoning Ordinance, hedge material at least three (3) feet in height and planted a minimum of three (3) feet on center must be provided in the perimeter landscape strip Some of the submitted plant materials do not meet the minimum landscaping size requirements.
- Per Article 16.04, D., a fully automatic, permanent irrigation system shall be installed, providing 100% coverage of all required landscape plans.

CASE NO. 0105-CU-17 ltem # 13

- A boundary and topographic survey is required, signed and sealed by an Alabama Professional Land Surveyor.
- A note must be placed on the plans stating that no offsite runoff will be blocked by the proposed construction.
- A note is required on the plans stating that the stormwater management facility will be designed to comply with the City of Orange Beach stormwater management regulations.
- An Alabama Department of Transportation conceptual permit is required prior to consideration by the Planning Commission. Possible Alabama Department of Conservation approval is required for the stormwater management outfall pipe located to the north of the site.
- **3. DISAPPROVE** the conditional use approval request.
